

CRYSTAL LAKE

TELEPHONE DIRECTORY

OCTOBER, 1948

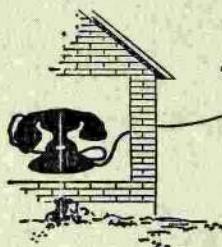

ILLINOIS BELL TELEPHONE COMPANY

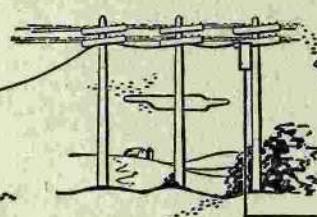

PAGES 1 TO 4 CONTAIN HELPFUL INFORMATION ABOUT YOUR TELEPHONE SERVICE
EMERGENCY NUMBERS ON PAGE 1

NEEDED — more than a telephone

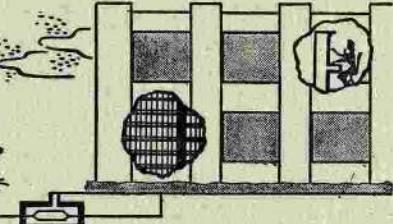

TO GIVE YOU SERVICE

1. INSTRUMENTS

2. OUTSIDE PLANT

3. CENTRAL OFFICES

IT TAKES ALL THREE

1. Telephone instruments.
2. Wires or cable from the instruments to the telephone central office.
3. Switchboards and other equipment in the telephone central office.

Where there's a shortage of any one of these three, new service can be furnished only as equipment in use is released when present subscribers discontinue their service—or as additional equipment can be manufactured and installed.

SOME LONG DISTANCE RATES FROM CRYSTAL LAKE

NIGHT AND SUNDAY RATES APPLY FROM 6 P.M. TO 4:30 A.M. AND ALL DAY SUNDAY

RATES ARE FOR 3 MINUTES (On Station-to-Station Calls of 25 Cents or Less, 5 Minutes)

OUT-OF-TOWN AND SPECIAL CALLS

For calls to nearby places (See list on page 2).....Give call to your operator

For all other out-of-town calls (including calls to foreign countries).....Call "Long Distance"

For calls to certain ships in harbor or inland waters,
and on the Great Lakes and high seas.....Call "Long Distance"

ILLINOIS BELL TELEPHONE COMPANY

G. L. WILBURN, Manager

Copyright, 1948, by the Illinois Bell Telephone Co., Chicago, Ill., Printed in U.S.A.

How to Use Your Telephone

JUST FOLLOW THESE THREE SIMPLE RULES FOR LOCAL CALLS

1. Look in the directory if you're not sure of the number. If you do not find the number ask for "Information."

2. Listen for operator's "Number, please?"

3. Give number to operator. Always speak distinctly, in an ordinary tone of voice, directly into the mouthpiece.

TELEGRAMS BY TELEPHONE

You may telephone telegrams, cablegrams or radiograms to the Western Union Telegraph Company.

Charges for telegrams placed by telephone will appear on your monthly telephone bill by arrangement with Western Union. This arrangement does not apply to cablegrams or radiograms. On messages telephoned from public coin box telephones, you will be requested to deposit the telegraph charges in the coin box.

"BEEP" TONE TELLS WHEN CONVERSATION IS BEING RECORDED

If you hear a brief, high, almost musical note on your telephone line while you are talking—a sort of gentle "beep" repeated every 15 seconds or so—you will know that the person to whom you are talking has a recording machine which is making a record of your conversation.

The signal is produced automatically by the device used to connect the recorder to the telephone line, and it is provided by the telephone company for your protection.

If you do not want a record made of what you are saying, ask the person with whom you are talking to disconnect the recording machine. The "beep" signal stops when the recorder is disconnected.

Use of a recorder without this signal is unlawful.

"GADGETS" DON'T HELP

Don't spend money for unnecessary attachments to your telephone offered to "improve" the service. Some are harmless, but others actually hurt the service. If you think that your telephone isn't working properly, please call Repair Service.

If you have any special needs which your telephone does not seem to meet, call or visit our Business Office. We'll do our best to help you.

PLEASE CHECK THIS LIST BEFORE MAKING CALLS TO NEARBY PLACES

Before making calls to nearby places, please check this list so that you will not call Long Distance unless your call is regularly handled by the Long Distance operator. To all points listed below, please place your call through your regular operator.

Rates shown are Station-to-station rates from Crystal Lake for the initial talking period. This period is three minutes, with the exception of Station-to-station rates of 25c or less—where the initial talking period is three minutes.

* United States Government tax not included in the rates shown below

Algonquin	\$0.10	Dolton	\$0.50	Johnsburg	\$0.10	Oak Park (Euclid).....	\$0.35

Useful Telephone Information

"PARTY LINE COURTESY" PAYS

Since telephone equipment is scarce, many of our customers are using party-line service temporarily.

The best party-line service for all depends on courteous, cooperative use of the line by all. If you're a party-line user here's how you can do your part:

- Listen a moment to make sure the line is clear before you call—try not to interrupt your neighbor's conversation.
- Be careful to replace the receiver after each call.
- Answer your telephone promptly.

FOR YOUR PROTECTION

For your protection, telephone employees who visit the public, carry identification cards with their names and photographs. If you have the slightest doubt about anyone who calls "from the Telephone Company," ask to see his credentials. Telephone people will be glad to show you their cards.

USE THIS DIRECTORY FIRST

Many calls to "Information" are unnecessary since they are for numbers which are listed in this directory. Every operator and all telephone facilities are needed to handle today's huge volume of calls.

So please don't ask our Information operators to look up numbers unless you are sure they are not listed in this directory. You can get your call through faster by referring to this directory and calling by number.

Your cooperation is appreciated.

YOUR TELEPHONE NUMBER

Occasionally, in the past, we've had to change some telephone numbers. It may, likewise, be necessary to do so in the future.

We're sorry we can't say to you, "We'll never have to change your telephone number." As a matter of fact, we don't like to change them and won't do it unless it is absolutely necessary.

LOOKING AHEAD IN THE TELEPHONE BUSINESS

In the months and years ahead, the Bell System intends to go forward providing a service more and more free from imperfections, errors or delays, and at a low cost.

Here's a bird's-eye view of our long range program:

1. Obtaining and installing enough wires, cables, telephone instruments, and switchboards and other equipment in the telephone exchanges to catch up with the growing new demand for telephone service.
2. Hastening the day when we can provide normal reserves of dial and manual central office equipment, cable, wire, poles and telephone instruments—so that we may again meet customers' needs as they arise.
3. Replacing equipment installed on a temporary basis to meet the needs of war and reconversion, with new and better equipment.
4. Improving telephone equipment on customers' premises.
5. Bringing telephone service in all respects back to its pre-war quality and improving it still further.
6. Expanding the long distance network, including provision for television and the use of radio facilities. The Illinois Bell aims to have facilities ready for sending visual images of events to television transmitters wherever they may be located, when telecasters ask for them.
7. Providing more and better telephone service to farmers and others in thinly populated or rural areas.
8. Extending service in such fields as service to motor vehicles, ships at sea and on the rivers, overseas telephone service, etc.

YOUR OPERATORS EXPLAIN OUT-OF-TOWN CALLS

CALLS TO NEARBY PLACES

"I'm your regular operator, and I can connect you with many of the nearby places. (For a list of these nearby cities please see the table at the bottom of page 2.)

"If you don't know the number of the telephone you wish to call and it is not in this directory ask for 'Information' who will obtain the number for you.

"Person-to-person and collect calls to nearby towns are handled by a Long Distance operator."

"LONG DISTANCE"

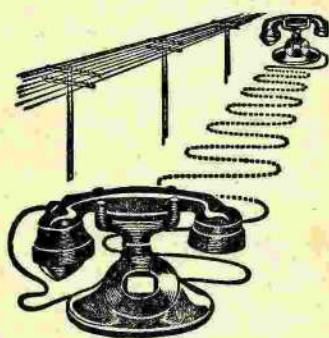

"I'm your Long Distance operator and your regular operator will connect you with me. Just ask her for 'Long Distance.'

"The last time we invited you to make more out-of-town calls was away back in 1941.

"Now service is getting back to pre-war speed; once again we can invite you to use Long Distance.

"When you do use it, I'll appreciate it if you'll give me the number of the party you are calling. It will help your call go through that much faster."

STATION-TO-STATION

Place Station-to-station calls when you merely want us to ring a telephone number. Charges begin when anyone answers at the telephone you call.

COLLECT CALLS

If you place a call "Collect," and it is accepted on a "Collect" basis by the person you are calling, it is paid for by him instead of you. The charges are the same as on a regular Station-to-station or Person-to-person call with one exception: There is a small additional charge on Station-to-station calls to telephones in Illinois when the regular rate is 30 cents or less and to telephones outside of Illinois when the regular rate is 20 cents or less.

On calls within the State of Illinois: If the party you are calling doesn't accept the charges, a "Report Charge" applies—to be paid by you. No "Report Charge" is made, however, if you decide to pay the call yourself.

PERSON-TO-PERSON

Make a "Person" call when you want to talk to a particular person, or to a particular telephone or department reached through a private switchboard. Rates are higher than "Station" rates, but charges do not begin until the person or department you want is able to answer.

If you call from a point in Illinois to another point in Illinois, a "Report Charge" will be made if the person you want cannot be reached and you ask the operator to cancel the call.

REDUCED RATES

Between 6:00 P.M. and 4:30 A.M. Monday through Saturday, reduced rates are in effect. Rates are also reduced all day Sunday and on Thanksgiving, Christmas and New Years. The reduced rates apply to "Station" calls if the initial period rate is more than 35 cents, and to "Person" calls if the rate is more than 50 cents.
